Bahasa Indonesia & English

About Me

Passionate Front-End Developer specializing in crafting intuitive user interfaces and experiences. I leverage my foundation in UI/UX principles and modern front-end technologies to translate designs into functional, engaging websites. I thrive in collaborative settings and am seeking a role where I can apply my skills to create impactful digital solutions while continuing to learn and evolve.

WORK EXPERIENCE

Feb 2024 – Jan 2025

PT Ruang Kreasi Inovasi Teknologi (RAKITEK)

Website Developer

- Developed and maintained Rakomsis 4.0, a web-based application, utilizing Vue.js and Bootstrap to ensure a responsive and interactive user interface.
- Translated UI/UX design concepts from Figma into clean, functional code, based on project flowcharts.
- Conducted thorough testing and debugging, identifying and documenting bugs and errors to improve website stability and performance.
- Collaborated closely with a UI/UX Designer in an agile workflow to ensure design fidelity and implement iterative feedback during the development process.

Oct 2017 – Jan 2018

PT Tunas Ridean Tbk (Tunas Group)

Administrative Assistant

- Provided comprehensive administrative and operational support to the service department.
- Managed documentation and reports using Microsoft Office Suite (Word, Excel), improving data organization and accessibility.
